

WSMTB XC GRADING POLICY

- Any rider who has raced in a WSMTB club XC series round from 4/7/15 onwards will be assigned to the most suitable grade based on their lap speed and finishing time from the previous WSMTB club XC series round.
- Riders will be notified of their grade upon signing on at event registration
- Any rider found to have finished with 107% of the winner in the grade above the one they have competed in will be required to move to that grade from the next event till the end of the club XC series for that year, including club championship.
- Any rider who is moved into the grade above may take their club series points that have been amassed that year in full.
- Any rider wishing to race in a grade below what they have raced previously in the current club XC series must seek the permission of the club handicapper (currently Brian Price).
- A rider may not move down grades and take club XC series points with them.
- Any rider that wishes to race in any grade above the one they have been assigned is welcome to do so
- New riders are to self seed themselves for their first event
- The handicapper reserves the right to use their discretion in exceptional circumstances.
